

Streamlining IT Procurement: Automating Standard Laptop Orders with Flow Designer

Milestone 1 : Flow

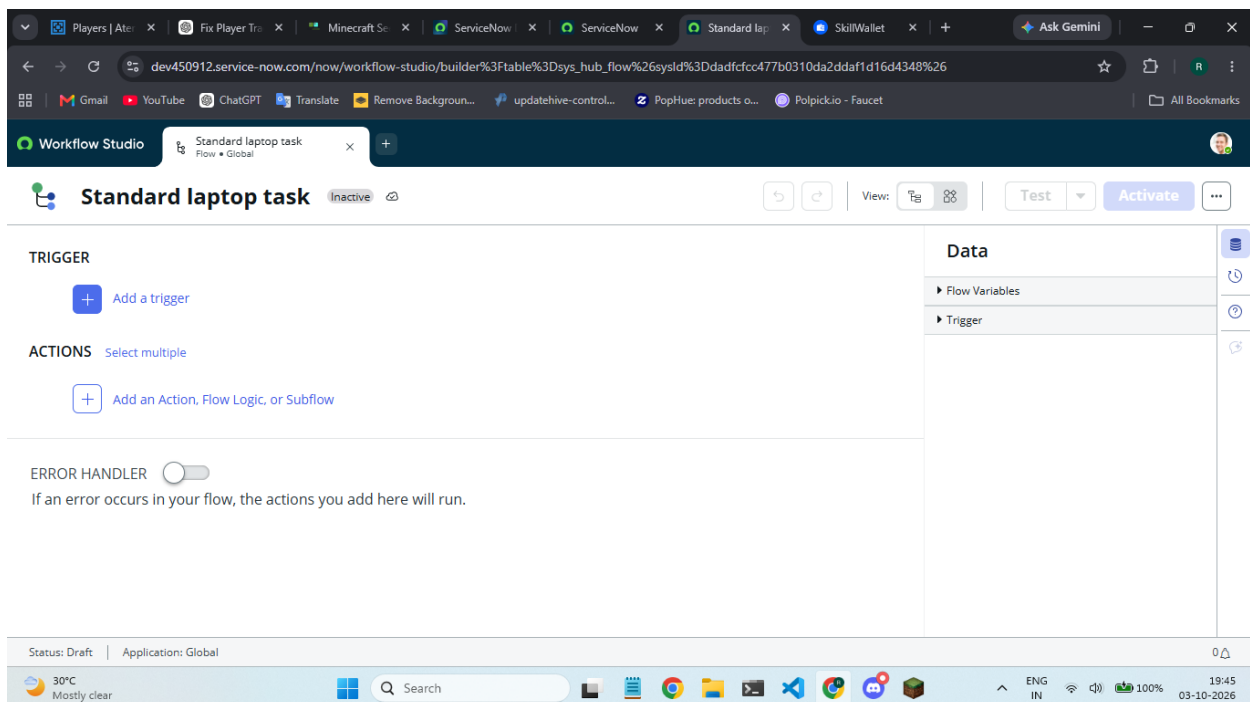

Click on All >> search for Flow Designer

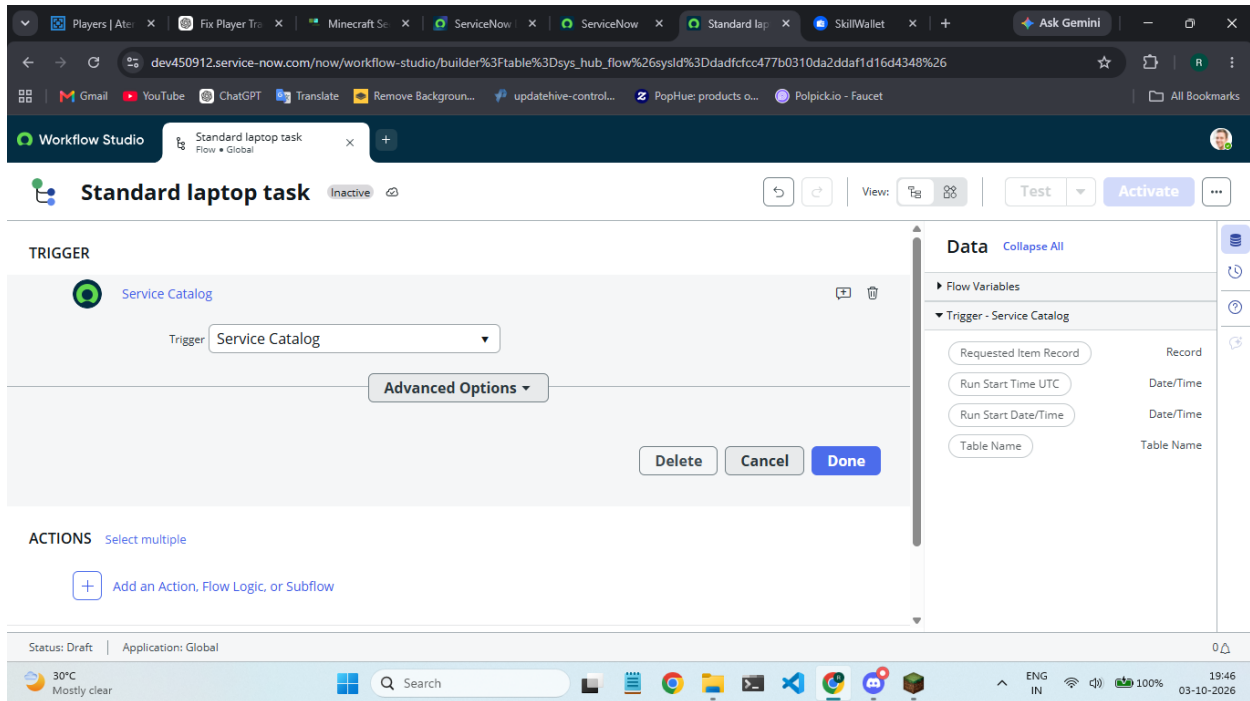

Under Flow properties Give Flow Name as “ Standard laptop task”.

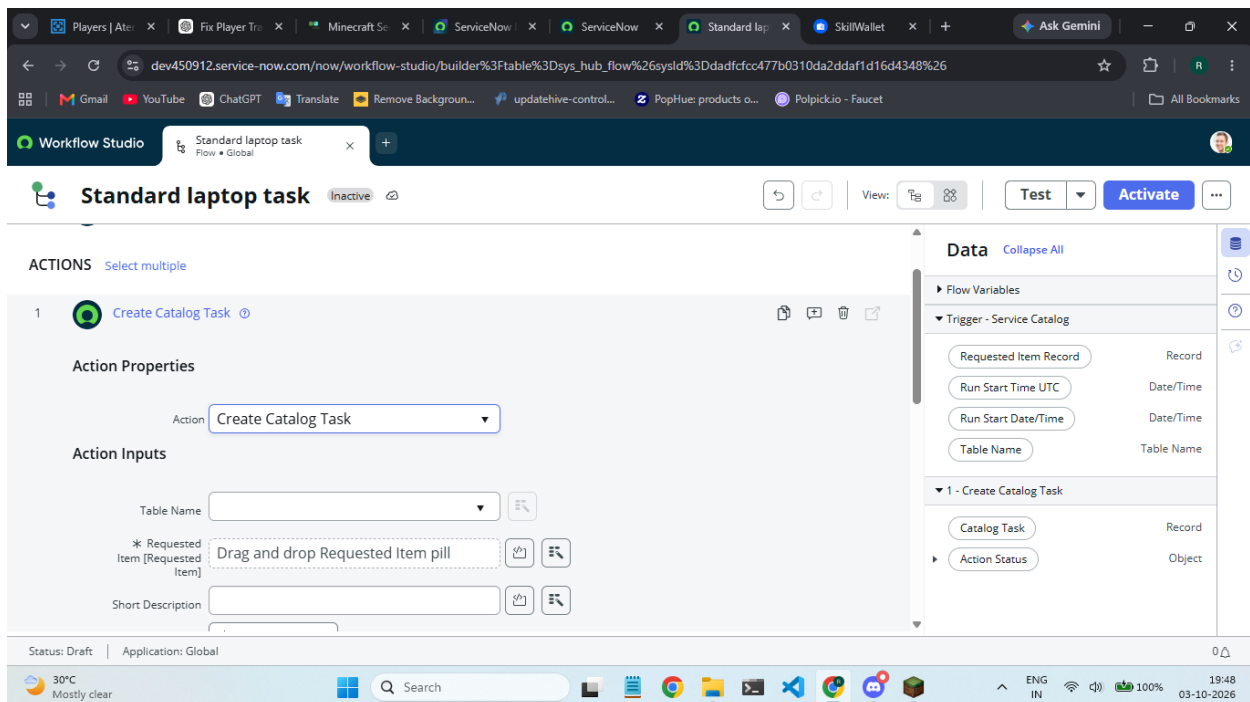

Click on Add a trigger

Select the trigger in that Search for "Service Catalog" and select that.

Select action in that search for “ Create Catalog Task ” and select that.

Mention the short description as “ Laptop need to Configured ”.

The screenshot shows the ServiceNow Workflow Studio interface for a 'Standard laptop task'. The 'Action Inputs' section is visible, with the following fields:

- Table Name: Catalog Task [sc_task]
- * Requested Item [Requested Item]: Trigger -> Requested Item ...
- Short Description: Laptop need to Configured
- Fields: + Add field value
- Wait: ☒
- Template Catalog Item [Catalog Item]: Select Template Catalog Item

The 'Data' panel on the right shows the flow variables for the 'Trigger - Service Catalog' and '1 - Create Catalog Task' steps.

Status: Modified | Application: Global

Leave the remaining as default and click on Done.

The screenshot shows the ServiceNow Workflow Studio interface for a 'Standard laptop task'. The 'TRIGGER' section is visible, with the following fields:

- Service Catalog

The 'ACTIONS' section is visible, with the following fields:

- 1. Create Catalog Task

The 'ERROR HANDLER' section is visible, with the following fields:

- ERROR HANDLER: ☐
- If an error occurs in your flow, the actions you add here will run.

Status: Draft | Application: Global

And Click on Activate again click on Activate.

The screenshot displays the ServiceNow Workflow Studio interface for a "Standard laptop task". A confirmation dialog box is centered on the screen, asking "Are you sure you want to activate the flow?". The dialog includes the text "Your flow will start running when the trigger conditions are met." and a checkbox labeled "Don't show me this again". At the bottom of the dialog are "Cancel" and "Activate" buttons. The background interface shows the workflow editor with a "TRIGGER" section containing a "Service Catalog" trigger, and an "ACTIONS" section with a "Create Catalog Task" action. The right sidebar displays a "Data" panel with a table structure for the "Trigger - Service Catalog" and "1 - Create Catalog Task". The bottom status bar indicates the flow is in "Draft" status and is a "Global" application. The Windows taskbar at the very bottom shows the date as 03-10-2026 and the time as 19:51.
